

**SEE THE QUALITY!**

Bespaq has been selling top quality furniture for over 25 years now and we have produced over a thousand designs which are not shown in this catalogue, many of which we still have in stock! We felt that there were probably enough items here already to keep most customers going, so we decided that it probably made more sense to choose a few items already shown and include larger pictures so the sheer quality of the miniatures could be more clearly seen!

You can see that the small pictures do not even begin to give an idea of the stunning hand carving and hand painting on these unique designs! The harp has individual strings and metal pedals which are impossible to see unless the images are much larger!

**TINY IMAGE =**

You can really only see the basic shape of the items from this picture!

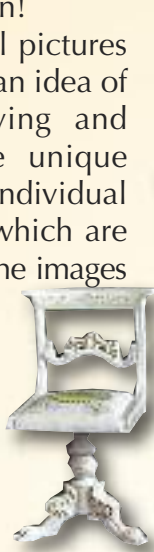

None of the exquisite hand painting and ornate carving is clearly shown

You simply cannot see the painstaking carving, the real mirror inserts or the delicate painting in this tiny picture!

**Because so many pictures are very small we do offer a money back guarantee if you are not delighted with your purchase!**

note the individual stringing and scroll hand carving

Even the padded seat cover of the musicians chair is meticulously hand painted!

The hand painted harp base as seen from the front showing the painting and the pedals!

**SEE TRUE QUALITY =**

Even this larger image does not reveal details such as the individual stringing

You can see the frame, the strings and the detailed hand painted Chinese designs!

**STUNNING DETAIL!**

**As well as all our standard stock lines we usually have several heavily discounted pieces all year round! Believe it or not, at the time we printed this catalogue, this stunning black lacquer harpsichord and padded stool set with its unusual design and sensational painting was on special offer at all our Bespaq dealers at only £29.99!**
