

Dear Customer!

Welcome to the sensational world of Bespaq - the exquisite range of hand carved and hand painted miniature wooden furniture which is generally agreed to be amongst the finest in the world!

The Bespaq line of miniature dollhouse furniture offers rich wood finishes in walnut and

mahogany as well as beautiful and hand painted finishes. Every piece is painstakingly finished by hand to a standard which is simply stunning!

Each piece takes many hours of patient, delicate work resulting in true exhibition quality reproductions. Every drawer opens, every lid and door is hinged, pianos and harps are individually strung, and all are upholstered in the finest hand picked materials including calfskin and silk! Such is the attention to detail that some pieces even have secret compartments and drawers!

And it is not just the quality which makes Bespaq so special! As well as a selection of faithful reproductions there are many unique and special period pieces, individually created exclusively for Bespaq by Pit Ginsberg, one of the most talented and gifted furniture designers in America today!

We also stock many of the items in their original beautiful unfinished state (just look at the sensational bar on the cover) ready for you to decorate them with your own colour schemes or stains or maybe simply leave them as they are!

And that is not all! for the first time we have introduced this great furniture in 1/24 scale! With the same working features, high quality carving and painting and classic designs this tiny furniture has to be seen to be believed!

With unique designs, the stunning handmade quality and perfectly matched fabrics highlight the elegance of fine period styling. Bespaq miniature furniture features a refined design and attention to detail making this the best dollhouse furniture available anywhere!

Dave, Nicola and the Team
