

MH/12 THE GUILDHALL

W725mm x D390mm x H1163mm

£229.99!

Whether you make it a house, a pub, a market hall or a shop this superb building supported on four mighty pillars with its own outdoor market area continues our tradition of producing the finest Tudor houses on the market today! With five spacious rooms, a versatile outdoor area, authentic external beams, our own exclusive leaded light windows and all the staircase components - this amazing model represents great value! When completed it will look as good as houses costing ten times as much! Manufactured in sturdy pre-cut MDF with full instructions, the only tools required are a craft knife and screwdriver!

We do not supply internal beams because it is largely a matter of personal choice. We do sell an internal beam pack with enough wood to internally decorate the house as shown
