WELCOME!

Hello

Welcome once again to the most comprehensive dolls house catalogue ever published in Britain - and with 256 packed pages it offers the widest range and the keenest prices ever!

1.About dolls house catalogues!

At Maple Street we believe that as dolls house enthusiasts, we should take a long hard look at what we are paying for! For too long we have been dazzled by glossy catalogues and phrases like 'superb quality' and 'heirloom' and perhaps lost sight of whether or not we are actually getting a good deal. If you are happy to pay a huge premium for guaranteed next day service then that's ok (although we do not think it is worth paying three times as much as you have to for it!) We just wonder why in every other area of retail in Britain, catalogue shopping is generally less expensive - with dolls houses and miniatures it can be several times as expensive!

When you pay high prices in Knightsbridge at least you get a shopping experience! Catalogues are generally cheaper for a good reason!

We suggest if you are interested in dolls houses and miniatures you get hold of EVERY free Dolls House catalogue - not just ours, and make a few price comparisons. We think you will be surprised!

2.Suppliers Web Sites

This year we have decided to include the links to a number of our suppliers web sites. There are several good reasons for this:

1. Many of them stock much larger ranges than we can show in this catalogue

2. We always sell for the same as their 'direct to customer' prices so you pay the same

3. If you take advantage of our discount schemes you will actuall pay less!

4. By purchasing from one outlet you avoid several costly postage charges

5. We order from most suppliers once a week - if they have it we can get it!

3.Web Site

We have been working hard and managed to add hundreds more items to the shopping cart part of our web site, but if you cannot find what you are looking for you can always add any item you need to using the manual part of our ordering system! If you cannot find an item using the search facility try the advanced search which also accesses the on line catalogue pages and then order the item by inputting the model number, description and price into our manual ordering systemyourself. if you have any problems - just contact us!

We believe Maple Street is a truly magical place where all the family will find something interesting. Combine it with a whole gallery full of pocket money toys and novelties, and on site parking you have a recipe for success! Unlike any other mail order company we devote a lot of space in our catalogue to our premises - once you visit you will see why!

Check out our prices. See the quality of our houses, with all wooden windows and doors. Visit our huge shop, or use our efficient mail order service knowing you are getting the best deal anywhere!

ORDER FORM (FOR COPYING)

Because our customers often buy from us on a regular basis it would be impossible for us to keep you all stocked up with order forms so we have printed this order form as a template for you to photocopy and use time and time again. Or you can simply copy the layout for yourself on your own paper. By following this layout we can process your order much more easily. Please write clearly in capital letters and in black or blue ink.
Use prefixes if possible (H for Hobbys, RS FOR RICHARD STACEY - eg RS/5009M)
Do not worry about the same page numbering in the different sections

Important! If we do not have an item in stock, sometimes we can supply similar items instead for the same price. If this is acceptable please tick this box: ❑

Catalogue Page No	Item No (inc prefix)	Description	Qty	Item Price £0.00	Total Price £0.00

If more space required please use an additional sheet.
