### TWO PART CATALOGUE

We have laid out this catalogue in two parts  
Pages 2 - 98 comprise largely handmade items from makers in the uk and europe grouped into manufacturers

Pages 99 - 262 are mainly fine imported miniatures grouped into items and room settings.

We were originally going to produce two catalogues but decided fairly late in the day to combine them both by which time it was too late to change the page numbering! Sorry about the confusion!
